

- MODEL MCD (ALUMINUM, FLAT)
- OBD (ALUMINUM)-AR7
- (STEEL)-SR7

- MODEL MCDS (ALUMINUM, BEVELED)
- OBD (ALUMINUM)-AR7
- (STEEL)-SR7

Model MCD is a square or rectangular modular supply or return diffuser. Unit has snap-in modular cores that provide 1, 2, 3 or 4 way pattern deflection. Choice of frame styles: Flat (MCD) or Beveled (MCDS). Options include MCDT panel for T-Bar ceilings, SR7 for steel OBD, or AR7 for aluminum OBD, all ordered separately. OBD is operated with a screwdriver after removing a module. Standard finish is white.
